**“Three Strikes and You’re Out Discipline Policy”**

Discipline: In the event of a discipline problem while the student is in class, the following procedures are suggested:

1. First week of misbehavior: Teacher will discuss problem with student after class in order to reach a solution to the problem. The teacher will fill out a form explaining what happened, date it happened and the teacher and the student will sign it. The DRE will keep the original and copies will be given to the teacher and the parents/guardians.
2. Second week of misbehavior: Parents will be called immediately and they are to pick up the student from class right away. Document as above and have parent sign along with the teacher and student. Copies made as in #1 above.
3. Third week of misbehavior: Student will be dismissed from class to be taught for the rest of the year by his/her parents/guardians at home. Re-admittance will only be allowed if accompanied by parent/guardian at EACH class thereafter. If not accompanied by parent the student will be sent home.

We do suggest that teachers use good judgment regarding the above discipline measures and not use these rules unless a student is very definitely causing a severe problem in class. If a teacher feels a problem could be solved by having parents of students being present during class time to help discipline students, please feel free to ask for assistance.

Thank you.
